Product Description

The Sækko-Boy waste stand is known for its sturdiness, simplicity and extended durability. The waste stand features an integrated sack holder and wheels. To enable waste separation into 2 fractions, you can now mount 1 bag to each of the stand's 2 sack holders, by purchasing the new slimline Sækko-Boy bags available in a choice of 8 colors. By using these colored bags in the waste stand, you can color-code for the type of waste to be sorted in the bags.
